

# Mowi Chile S.A. ASC report

| OVERVIEW   |                   |
|--|-------------------|
| Business Unit  | Mowi Chile        |
| Site   | Alao Sur          |
| ASC status   | Certified         |
| 1st certification Date                               |                   |
| Start of production cycle                            | 03-11-2017        |
| Date of last update                                  | 30-04-2019        |
| Wildlife Interactions - Birds                        | 0                 |
| Wildlife Interactions - Mammals                      | 0                 |
| Estimated Unexplained loss (EUL) <sup>1</sup>        | 0% (Closed Cycle) |
| Suspicious of unidentifiable transmissible agent     | None              |
| Detection of an OIE <sup>2</sup> -notifiable disease | None              |
| Number of escaped fish                               | None              |

## WILDLIFE INTERACTIONS

| BIRDS              |          |         |       |
|--------------------|----------|---------|-------|
| Date               | #        | Species | Cause |
|                    |          |         |       |
|                    |          |         |       |
|                    |          |         |       |
|                    |          |         |       |
|                    |          |         |       |
| <b>Total Birds</b> | <b>0</b> |         |       |

| MAMMALS              |          |         |       |
|----------------------|----------|---------|-------|
| Date                 | #        | Species | Cause |
|                      |          |         |       |
|                      |          |         |       |
|                      |          |         |       |
|                      |          |         |       |
|                      |          |         |       |
| <b>Total Mammals</b> | <b>0</b> |         |       |

1) Calculated at the end of the production cycle as: EUL = Stocking count – harvest count – mortalities – reported escapes  
 2) OIE is the World Organisation for Animal Health  
 3) Sensitive periods refers to juvenile outmigration of wild salmonids  
 4) Average lice count (# mature females/fish)

## SEA LICE COUNTS
