

# MOWI ASC report

| OVERVIEW                                             |                                        |
|------------------------------------------------------|----------------------------------------|
| Business Unit                                        | Mowi Scotland                          |
| Site                                                 | MacLeans Nose                          |
| ASC status                                           | Certified                              |
| 1st certification Date                               | 16.12.20021                            |
| Start of production cycle                            | 02/10/2024                             |
| Date of last update                                  | 31/10/2024                             |
| Wildlife Interactions - Birds                        | 0                                      |
| Wildlife Interactions - Mammals                      | 0                                      |
| Estimated Unexplained loss (EUL) <sup>1</sup>        | Updated at end of the production cycle |
| Suspicious of unidentifiable transmissible agent     | None                                   |
| Detection of an OIE <sup>2</sup> -notifiable disease | None                                   |
| Number of escaped fish                               | None                                   |

## WILDLIFE INTERACTIONS

| BIRDS              |          |         |       |
|--------------------|----------|---------|-------|
| Date               | #        | Species | Cause |
|                    |          | None    |       |
|                    |          |         |       |
|                    |          |         |       |
|                    |          |         |       |
| <b>Total Birds</b> | <b>0</b> |         |       |

| MAMMALS              |          |         |       |
|----------------------|----------|---------|-------|
| Date                 | #        | Species | Cause |
|                      |          | None    |       |
|                      |          |         |       |
|                      |          |         |       |
|                      |          |         |       |
| <b>Total Mammals</b> | <b>0</b> |         |       |

## SEA LICE COUNTS

**Sensitive Period<sup>3</sup>** Week 5 to Week 26

[Lice & Mortality Reporting - MOWI - Scotland](http://marine.gov.scot/data/spatio-temporal-variability-scottish-smolt-emigration-times-and-sizes)  
<http://marine.gov.scot/data/spatio-temporal-variability-scottish-smolt-emigration-times-and-sizes>

## Medicinal Treatment

### Parasitic Load

| Agent | Agent Name | Parasitic Load                        |
|-------|------------|---------------------------------------|
| 1     | None       | Calculated at end of production cycle |
| 2     |            |                                       |
| 3     |            |                                       |
| 4     |            |                                       |
| 5     |            |                                       |
| 6     |            |                                       |

### Benthic Parasitic residue levels

| Agent | Agent Name                                           | Residue Level |
|-------|------------------------------------------------------|---------------|
| 1     | Samples collected following final treatment of cycle |               |
| 2     |                                                      |               |
| 3     |                                                      |               |
| 4     |                                                      |               |
| 5     |                                                      |               |
