

# MOWI ASC report

| OVERVIEW   |                                    |
|--|------------------------------------|
| Business Unit  | Mowi Scotland                      |
| Site   | Grey Horse Channel                 |
| ASC status   | Certified                          |
| 1st certification Date                               | 08.04.2022                         |
| Start of production cycle                            | 05/02/2025                         |
| Data updated to:                                     | 28/02/2026                         |
| Wildlife Interactions - Birds                        | 0                                  |
| Wildlife Interactions - Mammals                      | 0                                  |
| Estimated Unexplained loss (EUL) <sup>1</sup>        | Updated at end of production cycle |
| Suspicious of unidentifiable transmissible agent     | None                               |
| Detection of an OIE <sup>2</sup> -notifiable disease | None                               |
| Number of escaped fish                               | None                               |

## WILDLIFE INTERACTIONS

| BIRDS              |          |         |       |
|--------------------|----------|---------|-------|
| Date               | #        | Species | Cause |
|                    |          | None    |       |
|                    |          |         |       |
|                    |          |         |       |
|                    |          |         |       |
|                    |          |         |       |
| <b>Total Birds</b> | <b>0</b> |         |       |

| MAMMALS              |          |         |       |
|----------------------|----------|---------|-------|
| Date                 | #        | Species | Cause |
|                      |          | None    |       |
|                      |          |         |       |
|                      |          |         |       |
|                      |          |         |       |
|                      |          |         |       |
| <b>Total Mammals</b> | <b>0</b> |         |       |

## SEA LICE COUNTS

**Sensitive Period<sup>3</sup>** Week 5 to Week 26

[Lice & Mortality Reporting - MOWI - Scotland](http://marine.gov.scot/data/spatio-temporal-variability-scottish-smolt-emigration-times-and-sizes)

## Medicinal Treatment

| Parasitic Load |            |                                       |
|----------------|------------|---------------------------------------|
| Agent          | Agent Name | Parasitic Load                        |
| 1              | None       | Calculated at end of production cycle |
| 2              |            |                                       |
| 3              |            |                                       |
| 4              |            |                                       |
| 5              |            |                                       |

| Benthic Parasitic residue levels |  |               |
|----------------------------------|--|---------------|
| Agent                            | Agent Name   | Residue Level |
| 1                                | Samples collected following final treatment of cycle |               |
| 2                                |  |               |
| 3                                |  |               |
| 4                                |  |               |
| 5                                |  |               |
